

The below "fan mail" was sent (in jest???) to my then-work e-mail address, and is followed by my reply, which I cc'ed (along with the original message) to some other members of Tampa Bay Skeptics as well as a few additional interested parties. As I state in my reply, I have never written about him or (to my recollection) biorhythms. And I did not phone or otherwise engage in any additional "debate" with this self-described "improvisational [sic] actor/comedian."

Subject: I AM THE VICTIM OF THIS MACHINATION!

Sir:

I am contacting you as I have engaged in a fruitless debate with one Gary Posner, a so-called "skeptic" who is terribly afraid of a rational scientific debate on MY theory du jour, BIORHYTHMS!

He put me on some list and your the list! I suppose your getting a "hit team" together to take me out like the Scientologists do, then you no difference the arrogance of science in a spiritual age!!!!

I have an open challenge to any one of you guys: a cashiers check for ,1000 dollars \$ if you can PROVE with your vaunted "empiricism" that I'm off my rockers!!!!

There is NO way this is the case UI have studied Wilhem Fleiss for YEARS and Dr Gittelson was my PERSONAL advisor when my own work extended to the arhythmic, poly-rhythmic conflation, and special problems of bio rhythms in the animal and plant kingdoms.

I have all this stuff written down- IS THAT ENOUGH GODDAMN SCIENCE FOR YOU??????

Fleiss was with FREUD so that says it all. Who's a skeptic? Some old magician with a big beard? Ooh, scary scary what is this a Lon Cheney Jr Movie, hey didn't Warren Zevoin right a song about you har har har :)

But don't take that smiley face seriously! I consider you my ENEMY and all of humanity! You stand athwart logic and advancement! What worse is there to be said than "he allowed people to stay sick so he could increase the profits of the drug companies and buy he self a yacht!~!!!!!"

May I remind you gentlemen: FIRST DUE NO HARM!!!

Do you remember where THAT came from losers???

THIS IS AN OPEN GODDAMN INVITATION TO DEBATE ON PAY PER VIEW I RESPOND TO YOU COS POSNER PUT ME ON THIS LIST, YOUR "HIT SQUAD" IF YOU COME AFTER ME FINE I HAVE LIVED IN ***TRUTH*** 9LOOK IT UP IN THE GODDAMN DICTIONARY) BETTER TO DIE IN TRUTH THAN LIVE IN SKEPTICISM!!!!!!

"There is amore things in heaven earth than dreamed of in your philosophy, Horatio!" SHAKESPERE, or asre you skeptical of HIM too, ha ha ha ha ha!!!!!!

PATRICK [REDACTED], [REDACTED] and a college degree to boot!!!!!! Los Angles California, AMERICAN SON!!!!!!!!!!!!!!
