

The following two-page letter was mailed to my medical office (where this envelope created quite a stir!) in response to my recent *St. Petersburg Times* "Letter to the Editor" critical of Christian Science practices.

The author's claim of being owed \$1,000 refers to his imagined entitlement to the Tampa Bay Skeptics' award (see tampabayskeptics.org/challenges.html) for having allegedly proven a paranormal phenomenon.

St. Petersburg, FL 33701
Feb. 10, 1994

I have written to you several times already on Feb 4, 1993, Feb 10, 1993, & Feb 9, 1994. I have already pointed out to you that I've won your \$1000 Challenge. You owe me \$1000. Once Again:

Get your f. [redacted] ing head out of your ass, & Stop Sending Bullshit-filled letters to Fake, Lying, Cooked, so-called "News" papers, like the St. Petersburg "trash". Once Again:

All the "Beliefs" in the world couldn't possibly cure any problems. "Beliefs" per se don't exist. Ideas, basically speaking, are either true or false. Whether people "believe" them or not doesn't matter in the slightest. The fact that "disease", "death", "sin", "evil", "imperfection", "problems", "accidents", "discord", etc, don't exist was proved in Christian Science over a century ago. Symptoms are created, deliberately, by the person who has them, not by any so-called

"disease", germs, viruses, external factors, stress, smoke, etc, so they can't be, & aren't, relieved or cured by externals, such as "doctors", hospitals, treatments, drugs, operations, etc. Pasteur was Very Wrong - check out Bechamp. A Person is a Soul, Spirit, not a Body. Bodies may appear to be "mortal". A Person, a Soul/Spirit, isn't "mortal" at all, the word skeptical means doubtful or questioning, not totally rejecting!

A lot of the "News", "Information", etc, put out in fake "News" papers, like the St. Petersburg "trash", on TV, on the radio, in magazines, movies, reports, speeches, commercials, kangaroo courtrooms, books, libraries, encyclopedias, universities, schools, colleges, advertisements, churches, sermons, programs, articles, shows, songs, etc, etc, is False, Lies, Fake, Wrong, Fraudulent, Brainwashing, Insane, Manipulative, Mind-bending &/or destroying, Nonsensical, Unconstitutional, Neochesting, Immoral, Stupid, Propaganda, Garbage.

With Neo-tech spreading across the country & around the world, the "Great Hoax", referred to in Neo-tech as Neochesting, is becoming more & more & more dangerous & difficult to operate. I'd recommend the book "Neo-tech Cosmic Power Now" (or "Neo-tech Power Now") by Dr. Frank R. Wallace

(F&O Publishing Co, Inc, P.O. Box 906, Boulder City, NV 89005). Neocheaters have Fake "jobs", do Fake "work", as stated in Neo-tech, the 2 main areas for Neocheating are "Politics" & "Religion". "Authorities", "government", "legislators", "laws", etc, don't exist. Free people, free societies, free countries, like this one, don't have such things. In Neo-tech, Lunatics like Bill Clinton, Lawton Chiles, George Bush, Abraham Lincoln, Norman Schwarzkopf, Jesse Jackson, Billy Graham, Martin Luther King Jr, Mother Theresa, the Pope, Janet Reno, etc, are called "Master Neocheaters". Clinton isn't the "president", Chiles isn't a governor, etc. Since the Media constantly & deliberately put out Risk Fake "News" etc, all the "elections", "votes", "polls", etc, have to be considered Fraudulent, & the results Invalid. I've written to the St. Petersburg "trash" for well over a decade, they Refuse to print the truth, they Insist on printing & selling Lies to their customers. "taxation", "requiring fees", "court costs", "fines", etc, are just other words for Stealing, as in the Commandment "Don't Steal". So-called "Federal taxes", etc, are Fraudulent, Unconstitutional, Unethical, Neocheating, Rip offs. "Politicians" get paid with, & pay out, Stolen Money, & so do "teachers", "police", "prison guards", military personnel, judges, "public defenders", bureau rats, "court recorders", FBI agents, & many others. The Madmen Clinton, Chiles, their Crooked Gangs, etc, have Severe Budget Problems, Huge & increasing Deficits, etc, which prevent our "National Debt" or "Public Debts", at all! They not only don't have any money, they're Head Over Heels in Debt! Only Damn Fools, Crooks, Lunatics, would want to get "elected", "hired", "in the military", etc, under the circumstances!

the people (bodies, etc) in the Post Office are Crooked & Crazy As Hell! they've been Deliberately interfering with my mail, both outgoing & incoming, for many years, violating Federal Postal Regulations, which might be considered "Federal Crimes". So you might find it Difficult to contact me if you write to me!

Sincerely,

Note: I did not receive his prior mailings and I did not write to him!
